Curbside Adoptions

FOR IMMEDIATE RELEASE

SIoux FALLS, SD – Social distancing and in need of a forever friend? Make an appointment for a Curbside Adoption! In an effort to reduce the number of animals still in the shelters, while also maintaining necessary social distancing, pre-approved adopters will not be able to adopt a pet via curbside pickup appointments. There will be a limited number of appointments each day, scheduled on a first-come, first-serve basis, depending on application status. We must continue to find homes for these animals, and thank you for your understanding while we attempt to keep our staff safe.

This process will provide the community with a new, safe way to adopt as we must to continue to find homes for these animals. We thank you for your understanding while we attempt to keep our staff safe and healthy. The shelter will remain closed during this time. There will not be an opportunity to browse or spend time with cats, small animals or puppies before adoption. Dogs will still require dog introductions led by our staff.

There are currently over 150 animals waiting for their forever homes. Make an appointment today.

See more information on the process at sfhumanesociety.com/curbside
